

MOST BLOODY BATTLE OF THE WAR RAGING IN ORANGE FREE STATE

Kelley-Kenny and Cronje Engaged at Paardeburg.

BOERS MAKE DESPERATE STAND AGAINST THE BRITISH.

The English Charges Are Repulsed Only to be Renewed With Greater Vigor—Burghers Are Resisting With the Desperation Born of Despair—Roberts Reports That He Has Driven the Dutch Reinforcements Off With Great Loss—British Casualties Will Reach 1,500 and the Boers About 800—Boers Are Evacuating Natal and Hurrying Troops to Reinforce Cronje—Prospects for Relief of Ladysmith Good—Report That Joubert Has Collapsed.

Paardeburg, Feb. 22.—[Special Cablegram].—One of the bloodiest battles of the war is raging here. Gen. Kelly-Kenny attacked Gen. Cronje throughout Sunday and Monday. The British charges were repulsed only to be renewed with greater vigor, the Boers resisting fiercely.

On Tuesday Gen. Cronje asked for an armistice when fifty guns were bombarding his position.

The action began near Klip drift which Gen. Kelly-Kenny seized. The cavalry drove in the enemy's outposts and developed the Boer position, which was partly entrenched.

With Knox's brigade in the center and the Highlanders on the left the British advanced across the level ground in the face of a deadly fire.

An envoy from Gen. Cronje admits the Boer losses to be eight hundred.

British Losses Reach 1,500. It is estimated that Gen. Roberts' casualties since leaving Jacobabad aggregate fifteen hundred.

The British have captured one Kopje and fifty men. Cronje's position is unchanged since last night.

London, Feb. 22.—[Special Cablegram].—Gen. Roberts reports that he has driven the Boer reinforcements off at Paardeburg with great loss.

Drove Off Reinforcements.

Gen. Roberts' dispatch follows: "Yesterday afternoon I became satisfied by a careful reconnaissance of the enemy's position that we could not assault it without heavy losses which I was most anxious to avoid. Accordingly I decided to bombard him and turn my attention to the enemy's reinforcements. The result was most satisfactory. The Boers were driven off in all directions, losing many killed and wounded and about fifty prisoners. Our loss was two officers and four men slightly wounded."

Boer Reinforcements Arriving.

London, Feb. 22.—[Special Cablegram].—An Evening News special dated Paardeburg, Feb. 21st says that Commandant Botha attempted to relieve Gen. Cronje, but that his commands, after severe fighting, was scattered, losing heavily.

Gen. Botha was last reported with the Boers opposing Buller on the upper Tugela, therefore this dispatch shows that the Boer reinforcements from Natal are arriving on the scene of Roberts' operations.

Boers Retreat at Arundel. Arundel, Feb. 22.—[Special Cablegram].—The Boers have retired from their position southeast of here, which they occupied Tuesday.

Joubert's Nerves Unstrung. Sterkspruit, Feb. 22.—[Special Cablegram].—The Boer prisoners report that Gen. Joubert's nerves are unstrung and that he will no longer act as commander-in-chief of the Boer forces.

Boers Evacuating Natal.

Berlin, Feb. 22.—The Tageblatt publishes a special dispatch from Brussels, which says the Transvaal legation there announces that all the Boers are evacuating Natal, their positions in that colony being no longer tenable.

General Joubert, it is added, has ordered the concentration of all the available forces to oppose Lord Roberts.

The siege of Ladysmith, it is further

announced, will be raised, and it is expected General Buller will enter the town at the end of the week.

No Intervention from U. S.

Washington, D. C., Feb. 22.—The rumor that the United States has reached an agreement with Germany to intervene in South Africa is denied by the highest of authority. It is stated that there has been no discussion of the propriety of joint mediation, nor has the United States contemplated any intervention on its own account.

THE CRISIS IS NOT YET PASSED

Boers Ready to Resist the British To the Utmost Limit.

London, Feb. 22.—The idea that the Boers were demoralized and in a condition of panic has been dispelled by the publication of a serious casualty list from General Lord Roberts without any explanation of how or where the losses were incurred.

General Roberts' previous dispatch, so far as it was published by the war office, gave the impression that the Boers were in full retreat, making hardly any resistance, and aroused the expectation that the next tidings would announce the surrender of Commandant Cronje's army.

Now comes the news that nearly fifty British officers, included two prominent Generals, have been killed or wounded, while the losses of the rank and file are not mentioned. There can be no doubt that the British invasion of the Orange Free State is being sharply contested, and that the federal forces are still in vigorous fighting trim.

There has been no definite information concerning the progress of the Roberts-Kitchener campaign since Sunday, but it is reasonable to suppose that Commandant Cronje has now been re-enforced by 10,000 men from the south. It is impossible that the Boers who were withdrawn from Natal can have yet reached either him or Bloemfontein, the capital of the Free State.

The news from Gen. Buller's campaign is favorable as far as it goes, but the persistent report that Ladysmith has been relieved proves to have been premature. The Tugela river was crossed for the fourth time by the British yesterday, but it would be almost absurd to assume that the retirement of the Boers from this point before the British advance indicates an intention to abandon the siege of Ladysmith and the possession of territory in Natal.

In other words, the crisis is not yet passed, according to the information at present received, and all depends, not on General Buller's campaign, which is now a side issue, but on General Roberts' great dash at the Free State capital.

STRIKING HOME TO CANADA.

Deaths Among Its Soldiers Make Dominion Realize War's Terrors.

Toronto, Ont., Feb. 22.—The people of Canada are realizing that war is a terrible business. The Toronto Globe has received a special cable, since confirmed by the militia department, stating that in the pursuit of Cronje the Canadian regiment, 1,000 strong, had a sharp engagement at Modder river, lasting all day Sunday, ending in a victory for the Canadians, but with the loss of twenty-one killed, sixty-two wounded, and six missing, or a total loss of almost 9 per cent. of the first contingent of 1,000 men.

CUBA MAY SECEDE FROM ROME

Opposition to Monsignore Sbarretti's Appointment Is Intense In Island.

Havana, Feb. 22.—The announcement that Monsignore Sbarretti, the newly appointed bishop of Havana, will arrive here Saturday, has increased the latent opposition against him. Protest after protest has been made in the newspapers, and circulars opposing the appointment have been scattered throughout the city. A committee has been elected to protest to Gov.-Gen. Wood and to cable the pope and president McKinley explaining the Cuban attitude. Threats are made that unless a Cuban bishop is appointed Cuba will break away from Rome and establish a church of her own.

THURSTON WANTS LIBERTY FOR COW

NEBRASKA SENATOR TO NATIONAL BUTTERMAKERS.

Declares Congress Ows Duty to Bovine—Secretary of Agriculture Wilson Tells How Animals Should be Fed—Dairymen Discuss Trade Topics—Farmers' Institutes Recommended.

Lincoln, Neb., Feb. 22.—The convention of the National Buttermakers' association today was devoted largely to a discussion of trade topics.

A paper on the "True Relation of Buttermaker to the Patron" brought out the most extended discussion. The fact pointed out by the paper, that the patron should be taught the best food to be given cows in order to produce the greatest amount of milk, both in quantity and quality, was developed to considerable extent. Farmers' institutes were also commended highly as giving the rural classes an opportunity to learn of the results of the scientific investigations carried on by men with time to devote to the subject.

Urges the Use of Stio.

Professor Bates of Minnesota urged that Stio should be used by all farmers who do any dairying business. He said he had seen cows look as good in January and February on this food as in June on spring grasses. Three crops can be raised annually.

Secretary of Agriculture Wilson was present and was called forward. He talked of chemical analysis of foods for animals and for men. At the conclusion of the secretary's remarks Senator Thurston was introduced, and said: "I never made any butter, but I love it. I believe in the liberty of the American cow, and I believe in everything that tends to secure her in her birthright."

"I believe in the integrity of the American cow, and I do not think she should be placed in unfair competition with anything which is but an imitation. Congress owes a duty to the American people to so legislate that products of all kinds should rest on their own merits and sell for what they really are."

Evolution of the Cow.

"For thirty years I have noticed the evolution of the cow in the state of Nebraska. The first sample was that of Texas steer and the first degree of development was reached by crossing him with the locomotive. At least, in the estimation of juries this made a high priced animal. When the schooners began crossing the plains the old fashioned cow was introduced, and she has been gradually improved by the infusion of new blood, so that she stands today the equal of any in the world."

A paper on the subject, "Bacterial Infection of Milk," by Professor H. L. Russell, Madison, Wis., was well received. Illinois was awarded the prize banner for the best general average. Twenty-three states competed. The six with the highest average following Illinois in their order of standing were Minnesota, Iowa, Nebraska, Kansas, Wisconsin and South Dakota.

SON APPEARS IN CLARK BRIBERY CASE

Denies That He Ever Authorized Whiteside to See Legislators For His Father.

Washington, Feb. 22.—[Special Telegram].—Charles Clark, son of Senator Clark, was called to testify in behalf of his father's bribery investigation this morning. He stated that he never empowered Whiteside to see members of the legislature for his father.

In the Court of Appeals investigation an affidavit was offered this morning to show that unwarranted authority was being exercised by the military in Shoshone county at this time.

The state department received a dispatch from Matagalpa this morning announcing the arrival there of Admiral Walker, head of the Canal Commission. The admiral says the Nicaragua route is the best canal route.

Bicycles in South Africa.

The present campaign in South Africa is practically the first opportunity for putting the bicycle corps to a real test. The cyclist corps attached to the Durban light infantry recently covered a route of ninety miles in one day for the purpose of obtaining information of the Boer forces, doing some skirmishing on the way. The velvet in dry weather is admirably adapted for cycling.—Collier's Weekly.

HARMONY IN SIGHT ON THE MONEY BILL

Progress Made by the Conferees in Considering the Measure.

GOLD THE STANDARD

Prospects That Nearly All the Provisions of Senate Bill Will be Adopted.

It is Expected That the Bill Will be Reported With an Agreement Not Later Than Next Saturday—Coinage of Subsidiary Coin Will be Adopted—Peck's Chances for the Philippine Commission Said to be Good.

Washington, Feb. 22.—[Special Telegram].—An agreement on the financial bill is in sight, and the new measure will probably go to the president next week. Great progress was made today by the conferees, and it is the general impression that conferees will be ready to report an agreement to their respective houses not later than Saturday. Only the republicans have discussed the differences between the two bills, and when they agree the democrats will be called in.

It is now said on good authority that nearly all of the senate bill will be adopted, and it is almost certain the senate's declaration for the gold standard will be agreed to.

The provision for the maintenance of the gold standard redemption fund of \$150,000,000 will stand, though it may be modified by the adoption of some form of the house provision for establishing a bureau of issue and redemption and keeping its accounts separate from the general fund.

Senate Refunding Feature.

The refunding feature of the senate bill is almost certain to remain, as will also the provision for a reduction of the tax on national bank note circulation.

The house proposition for the coinage of subsidiary coin will be adopted by the senate.

The ten dollar limit on the denominations of all forms of paper money except silver certificates will be modified by an arrangement designed to prevent famine of fives, forbidding the decrease of the total volume of five dollar notes of all sorts below a certain figure, or else setting a sliding scale in motion for the gradual retirement of \$5 treasury notes.

Chance for George W. Peck.

General Luke E. Wright of Memphis, Tenn., formerly a law partner of Senator Turley, was today appointed a member of the Philippine commission. General Wright is a Democrat but indorses the President's policy of expansion. He is an able lawyer and possesses great executive ability. His appointment is entirely satisfactory to Judge Taft, the president of the commission.

Two more members will have to be appointed before the commission is completed. The name of former Governor George W. Peck of Wisconsin has been suggested to the President as a member of the commission. Mr. Peck is said to have received assurances from Senators Spooner and Quarles and the entire Wisconsin delegation in the house that they will endorse him for the position.

It is thought probable that the commission when completed will be as follows:

William H. Taft, of Cincinnati, chairman.

Dean C. Wooster, of Michigan.

General L. E. Wright, of Tennessee.

Geo. W. Peck, of Wisconsin.

Benjamin I. Wheeler of California.

Mr. Wheeler is President of the University of California and is widely known throughout the country.

MOB MADE THREATS AGAINST THE JUDGES

Kentucky Court of Appeals Did Not Sit Today—Legislature May Adjourn Sine Die.

Frankfort, Ky., Feb. 22.—[Special Telegram].—The court of appeals did sit today on account, it is said, of the arrival of mountaineers last night. Some members of the mob are said to have threatened the lives of the two democratic judges. A proposition to adjourn the legislature sine die is being considered.

Healthiest Spot.

The healthiest spot in the world seems to be a little hamlet in France named Aumene. There are only 40 inhabitants, 25 of whom are 80 years of age and one is over 100.

ALL HONOR THE HERO. George Washington's Birthday Will Be Generally Celebrated.

Chicago, Feb. 22.—The celebration of the birthday of George Washington in Chicago today was general, and the exercises planned served to honor the memory of the first president of the United States, as well as to inculcate the ideas of patriotism in the minds of the young. Business was generally suspended, and there were patriotic celebrations during the entire day. In the morning exercises were held in the public schools, and in the afternoon was a mass meeting at the Auditorium under the auspices of the Union League club. Tonight many clubs and societies will hold banquets and patriotic entertainments.

SAPHO AN OFFENSE TO PUBLIC DECENCY

OLGA NETHERSOLE ARRESTED FOR APPEARING IN PLAY.

Manager Mayer and Leading Actor Also in Custody—Action Taken the Culmination of Sentiment in New York City—Actress Claims She Has Not Offended.

New York, Feb. 22.—On a warrant charging her with offending public decency Olga Nethersole, the actress, was arrested late yesterday afternoon and caused to appear in the center street police court. She was paroled in the custody of her counsel, A. H. Hummel, and the case set for tomorrow morning at 11 o'clock for a hearing.

The arrest was the culmination of the attack upon and denunciation of "Sapho," Clyde Fitch's play, now being produced by Miss Nethersole at Wallack's theater. From its first performance here the drama has been a subject of much diversified discussion.

Critics Condemned the Play.

The general consensus of dramatic critical opinion has been condemnatory of the piece as a dramatic work, while the large majority of private individuals who have discussed it publicly have condemned it as immoral.

It was first produced here about three weeks ago, when there was much talk of police interference and a prohibition of the performance as against public morals. Since then it has been a theme for discussion in the pulpits, preachers without exception condemning it.

With Miss Nethersole were arrested upon the same charge Hamilton Revelle, her leading actor, and Marcus Mayer, her manager. A warrant was issued for the arrest of Theodore Moss, proprietor of Wallack's theater. Mr. Moss was ill at his home and he was not taken into custody.

Offense to Public Decency.

The complaint under which the arrests were made sets forth "that the play is the portrayal of the life of a lewd and dissolute woman in a way to offend public decency."

District Attorney Gardiner in his request that a warrant be issued alleges that in a dramatic performance entitled "Sapho," indecent postures, indecent suggestive language against good morals and indecent conduct has been portrayed before public audiences.

The provisions under which the warrant was issued is a section of the penal code, which reads: "A public nuisance is a crime against the order and economy of the state and consists in unlawfully doing an act or omitting to perform a duty which act of omission annoys, injures or endangers the comfort, repose, health or safety of any considerable number of persons or offends public decency."

The offence of maintaining a public nuisance is a misdemeanor, punishable by imprisonment in the penitentiary for one year or a fine of \$500 or by both such fine and imprisonment.

Miss Nethersole Was Worried.

Miss Nethersole was evidently greatly worried, and showed her nervousness when she entered the police court. She was dressed in a loose fitting cloak of purple cloth, trimmed with fur, with a fur hat with purple trimmings. In answer to the questions of the clerk of the court she gave her age as 30, her residence as England, and at the dictation of her counsel said in answer to the complaint:

"I have committed no offense against the good morals of the law of this or any other country. I especially demand to know the source of this attack on me and my property. The court cannot order a too speedy investigation."

TUG CAUGHT IN A BIG FLOE OF ICE

Terrible Experience With Wind and Ice Off Kenosha By a Crew Of Five Men.

Milwaukee, Wis., Feb. 22.—[Special Telegram].—A crew of five men in charge of the fishing tug Eagle had a terrible experience last night with wind and ice just off Kenosha Harbor. The tug had gone out in the morning and when returning in the evening met a big floe of ice. She battled many hours against wind and ice and finally reached the shore with the tug ruined.

KANSAS CITY WINS PRIZE

Milwaukee Was Badly Left on Democratic Convention.

HARD ROAD TO TRAVEL

National Committee Went Into Session at Noon and Heard Arguments.

Cream City Men Urged the Largest Lump of Money, Best Climate and the German Vote, But the City on the Kaw Had a Pull on the Committee That Could Not be Overcome With Money or Argument.

Washington, Feb. 22.—[Special Telegram].—Kansas City gets the Democratic convention.

On the preliminary ballot the vote was Kansas City forty-one, Milwaukee nine.

Milwaukee, Feb. 22.—[Special Telegram].—The latest news from Washington in regard to the convention is to the effect that it will in all probability go to Kansas City. The Milwaukee delegation is working hard and making strenuous efforts to capture the convention but they have a hard road to travel. Mayor Rose telegraphed this morning that he had not given up, but would hold out to the last. From a canvass of the committees it was found that Kansas City stands the better chance.

Washington, Feb. 22.—[Special Telegram].—Promptly at noon Chairman Jones called the National Democratic committee to order, to consider the selection of a convention city. The advocates of Kansas City and Milwaukee carried on the fight up to the last minute. The party leaders are pleased with the interest displayed in the meeting. They look upon it as a sign that the party is in fighting trim for the coming campaign.

The committee after hearing arguments from representatives of Kansas City and Milwaukee, adjourned until 3 o'clock. Kansas City's argument was based on its great convention hall and the sound democracy of Missouri. Milwaukee's greatest claims were its hundred thousand dollar fund, excellent summer climate and proximity to Chicago.

Washington, Feb. 22.—Neck and neck between Milwaukee and Kansas City for the democratic national convention. This was the situation this morning—the eve of the struggle. Both cities are claiming victory in advance.

Milwaukee's claims are: Thirty-five votes, nine more than are required to settle the question in favor of the Missouri town.

The national committee opened its session at the Raleigh Hotel today at noon. The time for holding the convention will first be decided upon, and then will come the fight for the big meeting itself. This battle for the convention having for the time overshadowed the matter of issues, fusion and other items, there is little talk of anything else among the politicians who crowd the Raleigh Hotel.

Issue is Still in Doubt.

Nearly all of the national committee men are in Washington. While the committee may possibly not have a full representation, there is no prospect of more than one or two states being without a proxy. It is believed that fifty out of fifty-one votes will be cast. The Washington papers say this morning that Kansas City is to win. This is a superficial view of the situation but inquiry among absolute authorities proves that the issue is still largely in doubt. From what is known in regard to Milwaukee's programme one would say that the Cream City contingent will eventually bag the convention.

Champions of Rival Cities.

Judge Rose will make the principal speech for Milwaukee and former Governor Peck will offset the judge's seriousness with a witty and enjoyable plea that is sure to make an impression. The Kansas City delegation will rest its case with James A. Reed of that city, Congressman Cowherd and David Obermayer of Kansas.

Leader in Conference.

Senator Jones and a few of the leading lights in the party held a secret conference last night on the general programme to be pursued in relation to the competing cities. It is said matters of a wider scope were also talked of, but the senator war non-committal about his movements all day and would not talk for publication on any pertinent subject. A pretty thorough canvass among the members of the national

SOLDIER LACKS IDENTIFICATION

Iowa Veteran Writes Capt. Pliny Norcross of This City in Hopes of Getting Desired Information.

Capt. Pliny Norcross of this city, is in receipt of the following letter: Marshalltown, Iowa, Feb. 26, 1900. Dear Sir—I am entirely blind and lost my eyes in the war of the rebellion in 1892 while serving in Co. C, 2nd N. Y. H. A. and have never been able to obtain the pension due me in consequence of my inability to find a sufficient number of those who knew me there. I am therefore advised to obtain the testimony of those who knew me just before the war. For this purpose I now write to ask if you will be so kind as to assist me in this matter by seeking for and sending me if possible the address of Charles Bellows, formerly for many years a resident of Janesville, Wis. He was a veteran of the Mexican war and knew me intimately in 1860, and his evidence would be valuable to me could I find him. Trusting you will not consider me obtrusive in addressing you and that you will be able to do me the favor I ask and that I may hear from you soon. I am very respectfully yours, GEO. S. HARRIS.

Capt. Norcross says that Mr. Harris is an entire stranger to him as is also the Mr. Charles Bellows. Any information on the above will be thankfully received by Capt. Norcross.

Aged Farmer Commits Suicide.

Benton Harbor, Mich., Feb. 22.—Alan Geisler, aged 70, a wealthy farmer, residing near this city, shot his wife Wednesday morning while she was preparing his breakfast, and then hurried to Lake Michigan and drowned himself. The ball was extracted from the woman's head, and it is thought she will live. They had agreed to separate, and he sold his farm and paid her \$450. She had gone back to his home to pack her goods, preparatory to returning to Chicago, her old home, and her husband took advantage of her presence to attempt her life.

Agree Upon a Substitute.

Washington, Feb. 22.—The republican members of the house and senate committees having jurisdiction over the Hanna-Payne bill have agreed upon a substitute measure which is intended to do away with many of the monopoly features of the Hanna bill, so obnoxious to many representatives in the house and senate.

Robbers' Victim Is Dead.

Fort Dodge, Iowa, Feb. 22.—Four well defined cases of smallpox discovered by the city health physician have occasioned great excitement and alarm here. Two cases are of two weeks' standing, and many have been exposed to the contagion. A child from one family has been attending school regularly.

Favors the French Treaty.

Washington, Feb. 22.—The treaty of reciprocity with France was favorably reported to the senate by the committee on foreign relations. The vote on reporting the treaty was not unanimous, it being opposed by Senator Foraker of Ohio and Clark of Wyoming.

Smallpox at Fort Dodge.

Centralia, Ill., Feb. 22.—A. B. Cothurn, the merchant who was assaulted and robbed in his store on Monday night, died Wednesday from his injuries. Joe Smith, the person who committed the crime, has not yet been apprehended.

C. H. MORSE JR. IS MARRIED

Young Chicagoan Weds Miss Charlotte Ingersoll of Beloit.

Beloit, Wis., Feb. 22.—Miss Charlotte Ingersoll daughter of Mr. and Mrs. Chalmers Ingersoll, of this city, and Charles Hosmer Morse, Jr., of Chicago, were married at the college chapel last evening at 6 o'clock.

The ceremony was performed by Dr. Edward D. Eaton, President of Beloit College from which the bride was graduated last June, who was assisted by Dr. George I. Leavitt, pastor of the First Congregational church. The bride was beautifully gowned in white satin; she wore a bridal veil and carried a shower bouquet of lilies of the valley.

Miss Florence Howard of Beloit, acted as maid of honor. The bridesmaids were Miss Laura Sparks, Beloit; Miss Morse, a sister of the groom; and Miss Moon, of Eau Claire, Wis. Mr. Swan son of Chicago acted as best man. The groom is a son of C. H. Morse of Fairbanks, Morse & Co.

You will be well entertained and informed if you go to the Y. M. C. A. auditorium tonight to hear L. F. Post on "England and the Transvaal." Price 25 cents.

The Relation of Schools to Crime.

The Pedagogical society of Prussia has been collecting statistics bearing on the often-discussed question of the effect of education on the prevalence of crime. From these statistics it appears that in the eastern provinces of Prussia, where attendance at school is not vigorously enforced, the annual number of crimes committed bears a much larger proportion to the population than in the western provinces. In the eastern provinces, from fourteen to nineteen ordinary criminal offenses occur yearly for each 1,000 inhabitants; in the western, only 7.5 to 10 per 1,000. A similar difference is shown in offenses against church and state and public order. Even in the east the number of crimes has been steadily falling off since 1880, when many public schools were established.

Mendicant Students.

Concerning the poorer students of Russia the Saturday Review says: Their mendacity is passive rather than active. Unlike the mendicant friars, they never ask, but they know much will be given them. They know, too, strange fact in a strange country—that the university is open to all, irrespective of means or position. Thus the university becomes the poor Russian's golden opportunity, for here, as elsewhere, there are many posts, for which graduates alone are eligible. A stroll through the streets of Moscow during term time furnishes abundant evidence of the popularity of the university. The uncompromising military blue and green uniform which stamps the student, and which he can never, save under dire penalties, exchange for plain clothes, is to be met with at every turn. A few rich students are caught sight of driving; the many are on foot.

An Economical Husband.

A Bucyrus (Ohio) dentist had a peculiar experience the other day. A man called at his office and requested the loan of a pair of forceps, saying he wanted to draw his wife's teeth. The dentist refused to lend his forceps, but the man was not satisfied, and, going to a hardware store, bought a pair of common pliers, with which he endeavored to draw the teeth. The woman's face was badly lacerated and her gums were in fearful condition when she called upon the dentist the next day to have the job finished up. The husband's idea was economy.

"Winter Finds Out What Summer Lays By."

Be it spring, summer, autumn or winter, someone in the family is "under the weather" from trouble originating in impure blood or irritated condition of the system.

All these, of whatever name, can be cured by the great blood purifier, Hood's Sarsaparilla. It never disappoints. Abscesses—"I am past 54 and my good health is due to Hood's Sarsaparilla and Hood's Pills, which purified my blood and healed the ugly abscesses that troubled me." Mrs. BURTON C. ESTELL, Southard, N. J.

Dyspepsia—"My husband doctored a long time for dyspepsia with only temporary relief. The first bottle of Hood's Sarsaparilla helped and the second cured him. It cured my sick headaches." Mrs. MARY A. CLARK, Wilmington, Vt.

MAKES THREATS OF A CHANGE.

Republican Committeeman Says Convention May Go to New York.

Philadelphia, Pa., Feb. 22.—A startling statement was made by Mayor Ashbridge at a meeting of the citizens' republican national convention committee, of which he is chairman. The mayor told his fellow members of the committee that when he visited Washington last week to confer with Chairman Manley of the republican national committee's subcommittee in charge of the convention arrangements he found that the national organization was contemplating changing the place of meeting of the convention to New York.

"The national committee," said the mayor, "was on the verge of leasing Madison Square garden for the convention. Had this been done it would have been a lasting disgrace upon the fair name of Philadelphia. I learned from Mr. Manley that the national committee was greatly discouraged over the reports concerning the difficulty encountered in raising the fund of \$100,000, which was guaranteed for the use of the committee in return for the concession of allowing the convention to be held here, and that some of the leading members of the organization had come to the conclusion that it would be better to rescind its action fixing upon Philadelphia, and take the big gathering to New York."

Populists Leave Lincoln.

Lincoln, Neb., Feb. 22.—The last of the populist national committeemen have gone to their homes. The fusion advocates expressed confidence that the rank and file of the party would acquiesce in their action in excluding the middle-of-the-roads from the committee meeting, and the latter vowed vengeance. Chairman Deaver and Secretary Parker of the middle-of-the-roads make no concealment of their intention of fighting fusion with the democrats to the last. They say that further fusion means obliteration, and that they would as soon consider fusion with the republicans as to repeat the dose of four years ago, when Bryan was willing to accept their votes, but declined to recognize their own candidate for the vice-presidency. Tom Watson.

Ide and Wright Are Named.

Washington, Feb. 22.—Judge Ide of Vermont, formerly chief justice of Samoa, and Luke Wright of Tennessee, described as "the head of the bar of the state," will be new members of the Philippine commission. One more member is to be appointed, who, with those mentioned and Judge Taft and Prof. Worcester, will compose the new commission.

Victory for Pipe Line.

Muncie, Ind., Feb. 22.—In the Grant County Circuit court it has been decided that the piping of gas out of the state cannot be prevented by law.

Do not wash your hands and face with a common laundry soap, or if you do, don't complain when you find them rough, hard and chapped. Ordinary laundry soaps are good for scrubbing floors, but not for the skin. Ivory Soap makes a creamy lather that rinses easily and takes the dirt with it. The natural oil of the skin washed with Ivory Soap is not removed, and the skin is left soft and smooth.

Lord Curzon Going to Assam.

Calcutta, Feb. 22.—For the first time on record a viceroy of India, Lord Curzon, is about to visit Assam. India's great tea garden. Lady Curzon accompanies him. It is understood that his object is to examine into the needs of the province regarding the tea industry. The projected visit greatly pleases people of the province and it is hoped will give a great spurt to its tea industry.

Not Planning Revolution.

New York, Feb. 22.—Reports which were cabled from Trinidad, under date of Feb. 5, to the effect that Gen. Jose Ignacio Pardo, minister of war of Venezuela, was planning a revolution against the administration of President Castro, are declared by that official to be without foundation.

Old German Wash List.

The old German housewife had a strange way of keeping track of the clothes she sent out to be washed. It was nothing less than a pictorial and perpetual wash list. There was no possibility of making such an error as to mistake the abbreviation Sh. for shirts or St. for stockings. She had pictures of each article, and simply wrote down the number of each thing opposite its picture with a piece of chalk, which was, erased when the thing was returned and used again on the following week.—Cleveland Leader.

Swords May Be Abolished.

The suggestion of substituting a Martini-Metford carbine for the sword as an officer's usual carry is being largely discussed in military circles. The objection against the sword is that when marching through hilly country it hampers an officer's movements in getting over rough ground, while a carbine could be used as a walking stick, thus being a great help and support.

How Hussars Got the Name.

Hussars do not derive their name from any sort of a war cry or cheer. The name is from the Magyar word houtzar, meaning the twentieth. Hussars, as cavalry soldiers, were first confined to Hungary. In 1445 the crown passed a law compelling the peasants to supply one man out of every twenty of their number, and that man a horseman, to the army of the state. The first hussars were recruited from the inhabitants of the immense Hungarian plains—strong, hardy fellows, with sinews supple as steel, who spent their life in the saddle. To the present time the Hungarian hussars are considered to be the finest body of light horsemen in Europe.

TESTS PATIENCE.

The Most Patient Janesville

Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itchiness of the skin. Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse. Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment. Plenty of Proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin. Read the testimony of a Janesville citizen.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for it, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

ENTERPRISE, ODORLESS, INSTANTANEOUS BLUE FLAME OIL COOK STOVES.

There are a number of Blue Flame Oil Stoves but all of them require from five to six minutes from the time of first lighting before acquiring a perfect flame of full volume, and in the meantime they give off more or less odor. This stove produces a perfect, odorless, blue flame of full volume at the instant of first lighting, equal to that produced by any gas range burner. It is so simple that no instructions are required to operate it with the best results. In fact, it revolutionizes the Gasoline and Oil Stove business. You will have no other if you see this.

1896—Edgar Wilson Nye, the popular American humorist, died near Asheville, N. C.; born 1851. Ex-Governor George D. Robinson of Massachusetts died at Chicago; born 1821.
1899—Filipinos broke through the American lines at Manila and were repulsed.

THE MIDWINTER FAIR

Even a blizzard doesn't keep the people from attending the Janesville Midwinter Fair, because they know that every agreement will be kept, and every premium promised will be delivered. This year's exhibition will close tonight, and our visitors will leave Janesville with the kindest feelings for the Bower City and her people. The remark that the big show has been exceptionally well handled, has been off repeated during the past few days. Every arrangement has been perfection, and no hitch has marred the success or enjoyment. The list of entries was unusually large, and the premiums were invariably both useful and valuable.

The average visitor at the rink has probably had little thought of the tireless work that was necessary to make the fair the great success that it has been. For many days the officers and members of the committee have been at work. They have "bustled"—no other word will do—all day, and then "burned the midnight oil." They have left no stone unturned and they have spared no effort. They have worked, not for any personal gain, but for Janesville. They have earned more than money, and the thanks of the county are theirs—for the show has been of as much value to the visitors as to anyone else.

The fact that the fair has been so flattering a success, also carries with it a moral—unselfish work for the common good pays. Unity means strength. If the people of Janesville will join issues and pull together in all things they can accomplish wonders in the way of the advancement of the city.

As the Midwinter Fair was made, so we can make anything that we want—cast thy bread upon the waters, and it will return after many days.

This paragraph is written with the idea of suggesting to the many papers that continue to refer to Janesville's late lamented "dark dance," that the aforementioned dark dance was invented by Madison people, and that the Capital City should also receive its share of the advertising.

And in making up your list of real heroes, do not forget to enroll the names of the judges at the Midwinter Fair baby show—George A. Lougee, and Samuel Marshall, both of Madison, Wis.

If all the newspaper interviews are genuine, Col. Jack China would appear to be well named. He shoots his mouth as handily as he shoots his gun.

The last victim of the Kentucky gun habit bore the insignificant title of "lieutenant." Kentucky is certainly going down hill.

The newspaper people appear to be unanimous on one point, at least—that the paper trust should be rent in twain.

Generals Roberts and Kitchener are either masters of their calling, or exceedingly lucky, or both.

In passing, however, it may be said that in Carnegie, Frick has found a foe-man worthy of his steel.

The Midwinter Fair was all that it was said it would be—a very successful affair.

The Chicago Inter-Ocean appears to be on the top of several heaps those days.

Highest Clock in the World.

The clock on the Philadelphia city hall is the highest in the world. It has the largest dials. If the dials were out of the way and tracks were laid, two trains could pass each other running through the holes. The glass in the four faces is fastened there by a ton of cement. The glass, if laid on the ground, would make a walk a square long and ten feet wide. The minute hand will finish its year's journey by completing a 110-mile trip on New Year's day. It is expected that this minute hand will travel 110 miles annually for many years to come. The clock is strong, and the minute hand is phosphor bronze, and weighs 250 pounds.

CENTRAL ROAD WRECK

Seventeen Persons Are Injured At Curtis, Wis.—Engine Causes Derailment of Entire Train.

Chippewa Falls, Wis., Feb. 22.—Passenger train No. 1 on the Wisconsin Central, from Chicago to Minneapolis, was derailed near Curtis, Wis., Wednesday afternoon. Seventeen passengers were injured; two fatally. The injured are:

MISS ELLA OLSEN, Curtis, Wis.
ANNA G. ZEBE, Closten, Neb.
GEORGE THORN, Curtis, Neb.
CHARLES PHILLIPS, Black River Falls, Wis.

WILLIAM FRANKLIN, Chicago, Ill.
ANDREW KING, Centerville, Wis.
JOHN HAUZINGER, employee, Stevens Point, Wis.

M. SAMUELS, residence unknown.
E. H. WARNER, Portage, Wis.
JOHN ROGERS, Neilsville, Wis.
MRS. MARGARET ROGERS, his wife.

O. G. POOLE, Detroit, Mich.
H. G. ANDREWS, Marshfield, Wis.
A. D. LAMONT, Chicago.

THE REV. C. J. PEPPERKRON, Chippewa Falls, Wis.
MRS. EUGENE HELONG, Little Falls, Minn.

MRS. FANNIE BROWER, Minneapolis, Minn.

The accident was caused by the rails spreading. The locomotive passed over in safety, but the baggage car following left the track, and, after dragging over the ties about fifty feet, went into the ditch, followed by the entire train. The coaches slid along the snow on their sides fully ten rods before stopping.

All of the injured were taken out in less than fifteen minutes after the accident occurred. The dining car took fire, and was not noticed until the flames burst through the windows. Passengers and trainmen threw snow on the fire and extinguished it after a hard struggle. All the other coaches are badly battered.

KANSAS CITY WINS THE PRIZE

(Continued From Page 1)

committee today disclosed the fact that the fight next fall will be waged along these lines:

1. Opposition to "imperialism."
2. A sweeping declaration against trusts.
3. The upholding of free silver without regard to the policy of other nations and the contention that the republican party is in a conspiracy with the money power.
4. Opposition to an alliance with England, which, the democratic party will claim, is practically extant, as indicated by the policy of the administration.
5. A general warfare upon various members of President McKinley's cabinet.

Strong Sentiment for Fusion
There is a strong sentiment among the committeemen favoring fusion with populists. Every member seen last night spoke highly of Judge Caldwell, the probable populist nominee for vice president. The Bryanites want to carry Kansas and neighboring states next fall, and are shrewd enough to see that they cannot do this without the aid of the populists. The latter will hold their convention May 9, which is regarded as entirely too early for the big democratic meeting. The belief is now that the democrats will meet early in June, a short time before the republicans get together in Philadelphia.

All this points to the combination of a fusion ticket of Bryan and Caldwell, with the middle of the road populists on the outside.

Women Not Cowardly.

When cowardice is described as a leading feminine attribute somebody makes a huge mistake. Women do the most daring things on record—take chances which would appal a man. They may jump at the sight or mere mention of a harmless mouse, but they court death several times a year. It is one of the traits which makes feminine nature so puzzling. I have known women who were timid to a degree, under ordinary circumstances, come forth as heroines under the pressure of occasion. A woman who shudders at the sight of a small cut from which blood oozes will often exhibit a marvelous courage in a shocking accident. It is beautiful to think that dependence can be placed upon that species of recklessness which leads us into unnecessary trouble.

Indian Railways.

A comparison of the railways of India and those in the United States is interesting and instructive at the same time. India has a length of 23,000 miles of railway lines in operation, which was constructed and put in operation at an expense of \$357,890,000. Their last year's gross earnings amounted to \$37,885,561 and their net earnings to \$46,079,621, leaving a profit on the investment of 5.37 per cent against 5.94 per cent in the previous year. The average passenger per mile is 2.26 cents for first class, 1.13 cents for second class, 0.56 cents for intermediate and 0.3 cents for third class. Taking the intermediate class as the one used by the business and laboring people, one can travel in India for about half a cent a mile, and if that is too much he can take the third class and pay about a cent for three miles.—Detroit Journal.

Stopped His Paper.

The Judge at Beira, South Africa, has stopped the issue of the Beira Post for two weeks, as the responsible editor necessary by the Portuguese law, Senor Luciano Lanne, has been condemned to that length of imprisonment for some technical offense committed twelve months ago when he was commissary of police.

The Transatlantic Censorship.

All wires from the seat of war are subjected to a strict official censorship, based mainly on two rules. One rule is that no intimation of deaths in the field shall be allowed to pass until such deaths have been announced by the authorities. The other strictly forbids the cabling of any information regarding the movements of troops.

Wound Made by Mauser Bullets.

The wound inflicted by a Mauser bullet, the missile mostly used by boers, is quite circular and much smaller than the end of a lead pencil. When a man is hit by one of these bullets he feels no pain or shock. But a stupid sensation and a strange singing in the ears are felt, which render the majority of soldiers unconscious.

Swords May Be Abolished.

The suggestion of substituting a Martini-Netford carbine for the sword as an officer's usual carry is being largely discussed in military circles. The objection against the sword is that, when marching through hilly country, it hampers an officer's movements in getting over rough ground, while a carbine could be used as a walking stick, thus being a great help and support.

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at... **\$6.71**

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

LARGEST CROWD DURING THE WEEK

CRUSH AT RINK BUILDING WAS TERRIFIC.

Imperial Band Played—Everybody Out For a Good Time and They Had It—Fully One Thousand Arrive By Trains—Delightful Weather Brings in Throngs of Visitors.

Ideal weather throughout the day resulted in the attendance of thousands of visitors at the Midwinter fair. From all parts of the county farmers drove in. The greatest crowd of the week was here and helped celebrate the closing day of the most successful Midwinter fair ever held in Janesville. The storm of yesterday resulted in many not being able to reach the city. But those who failed to put in an appearance yesterday were on hand today.

Throughout the morning the crowds thronged the rink building on River street. This afternoon at 1 o'clock the following classes were judged: Most ridiculous teams, fastest walking team, largest hog in rack.

All judging took place in front of the Myers House on Main street, where all contestants reported and were required to pass in review, cross the river passing the rink building returning to the Myers House.

Prizes for Ridiculous Things For the most ridiculous team the prize was awarded to a team consisting of a steer, hitched to a sleigh, with a pony by its side.

For the fastest walking team: First, Bart Austin, town of Johnston; second, A. M. Hull, town of Janesville; third, John Decker, town of Harmony.

For the largest hog in rack: First, Jesse Orandall, town of Harmony; second, O. H. Wells, town of Janesville.

During the afternoon several Hackney coach horses were shown by the Stericker stable. These horses made a good showing, and attracted much attention.

At 2 o'clock this afternoon the crowd found its way to the rink building. The crowd was terrific. To get in or out of the building without consuming a half hour's time was simply out of the question. The crowd was a good natured one and all had a merry time. The Imperial band was present and rendered several selections. They were loudly applauded.

The cooking school in Concordia hall attracted a vast crowd during the day.

For the handsomest girl in the building the following awards were made today: First, Maggie McCullough; second, Edna Wright; third, Alice Arnold.

Awards on Butter.

The following awards were made on butter: Best package of dairy butter, less than eight pounds. First—Grant Austin; second, J. M. Decker; third, Mrs. Thomas Little; fourth, Mrs. L. J. Noey; fifth, Mrs. O. Brace; sixth, Mrs. W. O. Douglass.

Best dairy butter, five pound roll. First, Mrs. E. W. Fisher; second, Grant Austin; third, Mrs. F. Oeschberg; fourth, Mrs. Ida Darling; fifth, Mrs. W. O. Douglass; sixth, Mrs. G. W. Wilcox.

The fair will continue this evening.

Parade of Draft Horses

On South Main street yesterday afternoon Alex. Galbraith had out on parade numerous heavy draft horses that made an excellent showing. The display caused no end of praise adding much to the afternoon's entertainment.

Awards of Prizes

The following awards of prizes were made yesterday in the horse department:

Best general purpose team—First, J. F. Knight, Madison; second, E. R. Boynton, Bradford; third, James Shields, La Prairie; fourth, Wm. Jones, Leyden.

Best draft team—First, A. J. Barless, Janesville; second, James Carroll, Willowdale; third, Wm. Hubbel, Fulton; fourth, Scott Smith, Tiffany.

INDECENT TALK CAUSED RESIGNATION

CITY ENGINEER BROWN GIVES HIS REASON.

Attorney E. D. McGowan Says That There is No Secret About the Matter Any Longer—Appeal Has Been Taken to the Circuit Court of Rock County.

Indecent talk, unfit for publication, on the part of certain members of the common council of the city of Janesville toward Perry F. Brown, caused him to resign his position as city engineer of the city of Janesville.

E. D. McGowan, attorney for Mr. Brown, stated this morning that that was why his client handed in his resignation. Attorney McGowan further said:

"Mr. Brown has done what anyone would term the right in this whole affair and his present legal action against the city is only a just one. Mr. Brown does not intend to withhold any information from the city. What he wants is his pay for what work he has already performed. There is one thing certain he will not be snubbed by the council members. Mr. Brown is not obliged to obey the council because he is not a city officer any longer. The aldermen do not dare to take this matter into the courts. They are mad because he has the courage to stand by what is right. We challenge the council to decide whether Mr. Brown is a city official or not. Certain aldermen have acted like a lot of school boys making faces at one they dislike."

The case of Perry F. Brown vs. the city of Janesville has already appeared in the courts of Rock county. Attorney McGowan has secured an order for the circuit court of Rock county requiring City Clerk Badger to approve the appeal bond within three days or show cause why he should not.

Mr. Brown sues for pay from the city due him for engineering work on the streets. The city refuses to settle the bill claiming it is too high and that the work was incompetent.

FISHER AFTER PHIL KING

Janesville Boy Thinks That the Princeton Man is O. K.

John Fisher of this city, as manager of the Wisconsin state university athletic association, announces that the board of directors have offered Phil King, the Princeton athlete, \$3,500 a year for three years if he will act as coach of the football and baseball teams. No definite answer has as yet been received. Manager Fisher also says that the athletic board has sanctioned a dual meet with Beloit in Madison next Saturday. The men making the best showing at this meet will have the honor of attending the big indoor meet to take place in Milwaukee next month. A. K. Wheeler of this city, is one of the most promising candidates in this class.

GAVE WADE PARTING GIFT

Assistant Master Mechanic Who is Now Located in Janesville.

E. H. Wade, assistant master mechanic on the Northwestern road, with former headquarters in Oshkosh and who has been in the employ of the road for a great many years, is now in Janesville to assume a similar position with the same road. Mr. Wade was very popular with the employees of the road in Oshkosh and as a token of the esteem in which he was held by them, they presented him with a solid silver tea set and a cake dish. Mr. Wade was formerly round house foreman in Foad du Lac.

MRS. BOSWORTH LECTURED

At the High School—Took for Her Subject Millet, the Painter.

At the high school building yesterday afternoon, Mrs. Bosworth, president of the School Art Auxiliary, delivered an interesting lecture to a large and appreciative audience. She took for her subject "The Art of Jean Francois Millet."

Mrs. Bosworth stated that Jean Francois Millet was the most universal genius of the century. The speaker classed the Millet pictures as containing all that is natural and sincere. This is the first of a series of talks which will be given at the meetings of the Art Auxiliary.

THEY WANT TIME TO TALK.

Congressmen Insist Upon Discussing the Porto Rican Bill.

WILL HOLD NIGHT SESSIONS.

The Debate Promises to Drag Its Length Into Next Week—Sugar and Tobacco Interests Maintain a Big Lobby at Washington.

Washington, Feb. 22.—Owing to the demand for time in which to speak on the Porto Rican tariff bill, an agreement has been made to begin daily sessions of the house for the remainder of the week at 10 o'clock, and tonight and on Friday night held night sessions. No arrangement has yet been made for closing the debate, and there is a possibility that it may run into next week. The republican whip has sent out messages to all absent members of the majority to be in their seats on Saturday. The debate Wednesday was opened by Mr. Ray (rep., N. Y.), chairman of the committee on the judiciary, in support of the bill. His was a legal argument upon the proposition that the Philippine islands and Porto Rico are not a part of the United States, but territory belonging thereto, and that the constitution does not, ex proprio vigore, extend to them. Mr. Brownell of Ohio was the first republican to take the floor in opposition to the measure.

Mr. Henry (dem., Texas) was the next speaker in opposition to the bill. He said that the bill was more damnable than the bills which the British parliament proposed for the residents of the American colonies prior to 1776. As a member of the committee on insular affairs, Mr. Henry said he knew that when the Payne bill was introduced the sugar and tobacco interests flocked here, declaring that the bill would ruin them if enacted into law.

The next and last speaker of the day was Mr. Long (pop., Kan.), a member of the committee on ways and means.

The secretary of war, Mr. Long said, had expressed the opinion that the Porto Ricans had no right to demand that the duties should be uniform as between that island and the United States. This was in harmony with the action of the committee.

Mr. Long challenged the statement made by Mr. Richardson of Tennessee that this was the first time in the history of the government that unequal duties had been proposed in the United States, and referred to the provision in the treaty of the session of Louisiana, by which ships of France and Spain, with their cargoes, for a term of years, were to be admitted into ports of the ceded territory upon the same terms as those under which the ships of the United States were admitted.

The committee rose, and at 5:05 o'clock the house adjourned.

In the senate the president pro tem. announced the appointment of the Hon. John Hay, Judge Walter E. Cox, and Gen. Nelson A. Miles as members of the memorial association of the District of Columbia.

The senate then took up the bill to provide a government for the territory of Hawaii. Mr. Platt of Connecticut offered an amendment, vesting in the president, instead of the governor, the appointment of the judges of the Supreme and Circuit courts of Hawaii, and limiting their terms of office to four years.

Each Side Fears Defeat.

Washington, Feb. 22.—It is still uncertain whether a caucus of house republicans will be held on the pending Porto Rican bill. Both sides hesitate for fear of being defeated. The republicans who opposed the bill say they will stay out of a caucus, if one is called for the purpose of pledging the party in the house to the bill. The house leaders who are urging the passage of the bill declare they will have a caucus, but, as yet they have not called one. Ten republican votes against the bill would defeat it, and more than that number of members are, apparently, in opposition at present.

LESSENS HOPES OF CANADA.

Britain's Gain in Canal Treaty Makes Alaskan Concessions Unlikely.

Paris, Feb. 22.—A French-Canadian statesman, now in Paris, speaking of Anglo-American relations, says the Quebec convention failed mainly because of the Alaska frontier difficulties, and the rights which Canada deemed the Clayton-Bulwer treaty conferred on England. This latter point is now settled, but the impression is likely to grow up in America that England has gained rather than lost by the Hay-Pauncefote treaty, and it is likely that America will in any future negotiations demand compensation and an exacting public opinion in America may compel it. Thus it is extremely unlikely that Canada will be able to obtain access to the Pacific through Alaska, and without considerable sacrifice.

Dr. Leslie E. Keeley Is Dead.

Los Angeles, Cal., Feb. 22.—Dr. Leslie E. Keeley, discoverer of the "gold cure" for the liquor habit, died here of disease Wednesday. He had a

severe cold, and while going to the bathroom had an attack of heart failure. He soon recovered and made light of his illness, but before a physician could be summoned, expired. Dr. Keeley left no children. His estate, which is estimated at \$1,000,000, will go to his sister, who lives at Dwight, Ill.

PUBLISHERS IN SESSION

Newspaper Association Meets in New York To-day.

New York, Feb. 22.—About 150 members of the American Newspaper Publishers' association were gathered in the assembly room of the Waldorf-Astoria when the thirteenth annual meeting of the association was called to order by President S. H. Kaufman of Washington, D. C. After the meeting had been formally called to order Secretary W. C. Bryant presented to the association a list of topics to be considered at the present meeting. Another important question to be considered is that of white paper, and it is rumored that a strong effort is to be made by some members, when the question comes up for consideration, to have the association go on record as condemning the International Paper company as a trust and censuring it for the advance in the price of stock. The convention will be in session three days, concluding with the annual banquet, at which former Congressman A. C. Towne of Minnesota will be the principal speaker.

HAY TO CONGRESS.

Says He Never Knew of Any Opened Letters.

Washington, Feb. 22.—The answer of the state department to the house resolution calling for information regarding certain charges made by former Consul Macrum was transmitted to the house today by the president. It is signed by Secretary Hay, and after reciting the resolution says that only once was the mail delayed. He asserts that he has no knowledge of any mail having been opened by British authorities.

Secretary Hay also denies that any kind of an alliance exists between this country and Great Britain.

Indiana Fire Lava Flood.

New York, Feb. 22.—Details of the eruption of the Colima volcano, on the Pacific coast of Mexico, have been received by W. J. Arkell of this city. An immense river of lava ran over the side of the volcano and threatened to overwhelm three Indian villages near its base. The Indians fled to Santa Ana mine, in the center of Colima's copper region, and sought safety by hiding in the mine, leaving their women and children to shift for themselves. A company of Mexican troops drove the Indians back to their homes to protect their families.

Fears Clash in Balkans.

Vienna, Feb. 22.—The Austrian government, fearing a general war of the turbulent Balkan states, is using its best endeavors to avert the serious trouble which seems imminent between Serbia and Bulgaria. Serbian chauvinists are accused of having magnified the long-standing differences between the two states, growing out of the fact that Bulgaria has harbored Serbian political refugees, permitting them to issue publications insulting to the former ruler and de facto king at the present moment, Milan.

PAYMASTER IS EXONERATED.

Had to Leave the Cruiser Charleston's Strong Box Behind.

New York, Feb. 22.—When the cruiser Charleston was wrecked two months ago on an uncharted reef north of Luzon the ship's paymaster was compelled to abandon his money safe, which contained about 20,000 Mexican dollars and \$400 in gold. The weight of this amount of specie and the strong box was too great to imperil the lives of the men set adrift in the open boats, with no certainty of being able to keep afloat until land could be reached. It was necessary to utilize all the spare capacity of the boats for food and for arms and ammunition, for fear a landing would have to be made on a barren shore or that sympathizers of Aguinaldo would offer a reception at which guns and cartridges would be worth more than Mexican money.

The money left behind had been charged against Paymaster Reynolds of the Charleston, to the amount of \$12,240, and when he reached Manila his accounts were found to be that much short. Under the regulations Admiral Watson offered a board to investigate this failure to balance accounts. The report, which has just reached Washington, fully exonerates the paymaster from any actual wickedness or criminal intent in the transaction.

Agree Upon the Scale.

Springfield, Ill., Feb. 22.—The joint scale committees of the United Mine-Workers of America and the Operators' association reached a partial settlement of the difficulties in Illinois. The scale in the Second district, including the mines at Danville, Westville, Grape Creek and associate mines in Vermilion county, was settled upon at 49 cents. This district is the base for the scale. The committees agreed upon the price in the Third district, so far as it relates to the Springfield mines, fixing the scale at 49.7 cents. The portion of the Fourth district, including the Chicago and Alton subdistrict, and the mines at Taylorville, Pana, Litchfield Hillsboro and Witt, was settled upon, and the price fixed at 49 cents, which was also agreed upon for the Fifth and Ninth districts.

\$50 Quick Meal Steel Range GIVEN AWAY.

Mrs. Charles Baines, of the town of Rock, won the above prize at the Midwinter Fair, given for the best loaf of bread. There were 199 competing for this prize and the best had to be good indeed. Mrs. Baines was a competitor a year ago for the bread prize, but failed, owing to a stove that wouldn't work as she wanted it to. Only a few days ago she bought a stove of us and it was with this that she baked the bread that won the prize. Mrs. Baines deserves the many congratulations that are being poured in upon her.

The Steel Range Sale

Is on in full blast and we are selling lots of them. It is a great success in every way and we shall sell a carload before the Fair closes. See them and Talk to Lowell.

A loaf of bread made from our Jennison's "Very Best" Flour took First Prize and the

\$50.00 Steel Range

At the Midwinter Fair yesterday. There were 199 contestants. We have always claimed that it is the very best Flour made, and while all may not be able to make a Steel Range out of a sack of this Flour, they can at least be sure of always having good Bread. : : : : :
